TRAINING GUIDE

Online Training for the Aged Care Industry

COMMUNITY CARE
TOOLKIT

Community Care Tool Kit

This online training series created specifically for aged care providers and is designed to help providers provide better all-round care for their residents.

About the Tool Kit

Expertly developed by Aspire Learning Resources, this catalog of online training modules are designed specifically for aged care providers who are looking to provide better care for their residents and give them the tools they need to live healthy and happy lives.

What to Expect from the Training

Microcredentials offer learners self-paced, just-in-time training, whenever and wherever they want!

Upon successful completion, users receive a downloadable Certificate of Completion to verify their knowledge of a specific skill or topic.

Learn at your own pace through the use of:

Video Content

Videos that demonstrate how to apply the subject matter in practice

Case Scenarios

Case scenarios that focus on the skills and knowledge of each module topic

Practice-Based Quizzes

Practice-based quizzes at the end of each topic to check your understanding
